

THE ART OF RECYCLING 2025 SCHOOL PRE-REGISTRATION

The highly anticipated Art of Recycling competition is back for its third edition in Abu Dhabi and with submissions open in mid-February now is the time to start brainstorming and get creative!

Under the theme, *“I love Abu Dhabi, because...”* – participants are invited to express their love for the capital through art, with the evergreen caveat of using recyclable materials to craft stunning pieces. Submission dates open between 19 February to 21 March.

One major change to the competition this year is that the individual students will now receive the vouchers instead of the schools. However, any winning schools will be the recipient of a prestigious Art of Recycling plaque.

NOTE: If your school has never entered the competition before you will need to register your intention by filling out this application form. You can access all the terms and conditions online at yallaabudhabi.ae
